- 2.4.20- Year 4 Shared Learning
- 3.4.20- Reception Shared Learning
- 3.4.20- FOB Easter egg hunt

Dear Parents,

2020 has started with a bang at Brady! The children have come back ready to do some excellent learning, and full of the joys that a new year and new hope bring. We have many school visits planned over the course of this term, as well as our Class Assemblies and Shared Learning sessions, the first of which took place on Friday in Year 2. All of the dates can be found on the side of the page and the school website.

The building work continues to move along successfully and build pace. We will soon be bringing the new carpets and furniture into the building ready for our potential move over in March. As a school we are very excited about you and the children seeing the new facilities that are truly first class.

I will of course keep all of you up to date with the progress of the build and how the entry and exit to the school will change during the course of the school year. The slight changes taking place will not effect the children's learning and are only temporary as the school will be fully completed by September 2020!

Michael Nunn  
Headteacher

### Young Voices at the O2

Last Wednesday saw a truly fantastic performance from our school choir at the Young Voices concert at the O2 in London, something that makes the school hugely proud. The children and the event as a whole were brilliant. Photos and videos of the event are available on our Twitter page @BradyPrimary.

### INSETS DAYS

June 1st  
July 22nd

### FOB

Just a quick reminder that the FOB complete a huge amount of events during the year to support the children in the school. All the money they raise goes directly to the children in the school. They still need your help, so if you think you can spare some time to support the FOB team please just speak to Mrs Thompson who works in Reception who is the Chair of the FOB. Thank you for all of your support it really does go along way to positively affect the school and the children we have.

### School Football Kit

As part of the school's drive to increase the amount of sports events we are entering, I would like to ask if anyone knows of, or works for a company that would like to sponsor us for a new sports kit. If this is something you would like to talk about please feel free to drop an email to the office or talk to me on the gate.
